

Town of Chelmsford Community MVP 2.0 Project Survey

The Town of Chelmsford invites all community members to take this short survey to select a project to implement with funding from the Municipal Vulnerability Preparedness Grant Program. Based on community input, the MVP 2.0 team developed this short list of possible projects for this year to address the community's priorities, which were identified in previous rounds of community surveys.

Your feedback is needed now to ensure that this year's selected project represents the community's top pick. Please complete this survey by April 30. For more information about this process, visit the MVP webpage: <https://www.mass.gov/info-details/mvp-20> Your participation is invaluable. We appreciate your time.

Project Descriptions

Please read the following project descriptions before answering the questions below

<p>Gardens for Good – Feeding Chelmsford through Community Gardening</p>	<p>Safe in the Storms – Advancing Flood Mitigation Solutions</p>	<p>Trees for All – Rebuilding Our Tree Canopy</p>
<p>Explore locations for future community gardens, and install a new community garden with supportive elements such as seeds, soil, and tools. Offer basic gardening education sessions for community members.</p>	<p>Get input from community members on top priority locations in Stormwater Master Plan, and select one to develop schematic design and cost estimates.</p>	<p>Identify priority locations for planting trees for shade and flood mitigation through a feasibility study, including on private properties.</p>
<p>OBJECTIVES:</p> <ul style="list-style-type: none"> • Improve access to affordable, fresh food especially for low income and older community members • Expand existing healthy food sources • Increase knowledge of gardening topics. 	<p>OBJECTIVES:</p> <ul style="list-style-type: none"> • Implement flood resilient infrastructure for local bridges, culverts, and dams. • Implement roadside low-impact development to mitigate flooding. 	<p>OBJECTIVES:</p> <ul style="list-style-type: none"> • Promote planting of native plant and tree species on private and public properties. • Develop additional community green space in neighborhoods with limited open space.

1. Select the project that you would like the Town of Chelmsford to pursue as a seed project funded by Massachusetts' MVP program this year:

- Gardens for Good - Feeding Chelmsford through Community Gardening
- Safe in the Storms - Advancing Flood Mitigation Solutions
- Trees for All - Rebuilding Our Tree Canopy

2. Do you have any comments on the projects listed here?

3. Questions about the projects or the MVP 2.0 process?
